

Ovid

**Allied & Complementary Medicine Database (AMED) Links Package**

The Allied and Complementary Medicine Database (AMED) is a unique bibliographic database produced by the Health Care Information Service of the British Library. It covers a selection of journals in complementary medicine, palliative care, and several professions allied to medicine. Subject coverage includes:

- Complementary medicine
- Physiotherapy
- Occupational therapy
- Rehabilitation
- Podiatry
- Palliative care

Ovid now offers enhanced value to the database through the AMED Links Package providing links to FREE Open Access Electronic Full Text and useful links to relevant Internet Resources on the Web.

### Links to Electronic Full Text Journals

Listed below are the currently available Open Access journals indexed in the AMED database. On the Ovid platform the links will be for you activated automatically. For SilverPlatter, please follow the simple instructions [here](#) or contact [support@ovid.com](mailto:support@ovid.com) for further assistance.

ISSN	Journal Title	Ovid Link Target

## Links to Valuable Internet Resources

Ovid can provide one or more of the following Internet Resources, leveraging the full power of the Internet in your users' AMED links. To activate simply follow the steps outlined for the [Ovid](#) and [SilverPlatter](#) platforms. Alternatively, please contact your Ovid Customer Support Representative at [support@ovid.com](mailto:support@ovid.com).

### BIOME Subject Gateway\*

<http://biome.ac.uk>

Uses SUBJECTS\_ALL to search UK Biomedical Subject Gateway. BIOME provides access to hand-selected and evaluated, quality Internet resources for students, lecturers, researchers and practitioners in the Health and Life Sciences.

### ARC - Cross Archive Searching\*

<http://arc.cs.odu.edu>

ARC is a research service of the Digital Library Research group at Old Dominion University; it uses Ovid's SUBJECTS\_ALL field to search ARC's Open Access archives.

### RePec Archive\*

<http://ideas.repec.org>

RePec searches the largest bibliographic database dedicated to Economics and available on the Internet. Over 270,000 research items can be browsed or searched, and over 175'000 can be downloaded in full text

### RDN - Resource Discovery Network

<http://www.rdn.ac.uk>

This portal uses the SUBJECTS\_ALL field to search the Resource Discovery Network (RDN) which is the UK's national gateway to Internet resources for the learning, teaching and research community. The service currently links to more than 80,000 resources via a series of subject-based information gateways (or hubs). The RDN is primarily aimed at Internet users for further higher education.

## SCIRUS

<http://www.scirus.com>

Scirus is the most comprehensive science-specific search engine on the Internet. Driven by the latest search engine technology, Scirus searches over 167 million science-specific Web pages, enabling you to quickly pinpoint scientific, scholarly, technical and medical data on the Web.:
