## Links to Valuable Internet Resources

Ovid can provide one or more of the following Internet Resources, leveraging the full power of the Internet in your users' BIOSIS links. To activate simply follow the steps outlined for the [Ovid](#) and [SilverPlatter](#) platforms. Alternatively, please contact your Ovid Customer Support Representative at [support@ovid.com](mailto:support@ovid.com).

<b>ARC - Cross Archive Searching*</b> <a href="http://arc.cs.odu.edu">http://arc.cs.odu.edu</a>	ARC is a research service of the Digital Library Research group at Old Dominion University; it uses Ovid's SUBJECTS_ALL field to search ARC's Open Access archives.
<b>BIOME Subject Gateway</b> <a href="http://biome.ac.uk">http://biome.ac.uk</a>	BIOME is the UK Biomedical Subject Gateway. BIOME provides access to hand-selected and evaluated, quality Internet resources for students, lecturers, researchers and practitioners in the Health and Life Sciences.
<b>Karolinska Institutet</b> <a href="http://www.mic.ki.se/Other.html">http://www.mic.ki.se/Other.html</a>	Karolinska Institute Subject Gateway searches under the 'SUBJECTS_ALL' field
<b>NCBI Taxonomy*</b> <a href="http://www.ncbi.nlm.nih.gov">http://www.ncbi.nlm.nih.gov</a>	Uses the ENZYME COMMISSION (EC) field to link through the gateway, National Center for Biotechnology Information (NCBI).
<b>RDN - Resource Discovery Network</b> <a href="http://www.rdn.ac.uk">http://www.rdn.ac.uk</a>	Resource Discovery Network (RDN) is the UK's national gateway to Internet resources for the learning, teaching and research community. The service currently links to more than 80,000 resources via a series of subject-based information gateways (or hubs). The RDN is primarily aimed at Internet users for further higher education.
<b>SCIRUS</b> <a href="http://www.scirus.com">http://www.scirus.com</a>	Scirus is the most comprehensive science-specific search engine on the Internet. Driven by the latest search engine technology, Scirus searches over 167 million science-specific Web pages, enabling you to quickly pinpoint scientific, scholarly, technical and medical data on the Web.

World Health Organization\*

<http://www.who.int/en/>

The World Health Organization is the United Nations specialized agency for health. Health is defined in WHO's Constitution as a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity.
