Links to Valuable Internet Resources

Ovid can provide one or more of the following Internet Resources, leveraging the full power of the Internet in your users' Current Contents® Clinical Medicine links. To activate simply follow the steps outlined for the [Ovid](#) platform. Alternatively, please contact your Ovid Customer Support Representative at support@ovid.com.

Karolinska Institutet

<http://www.mic.ki.se/Other.html>

Karolinska Institutet is one of Europe's largest medical universities. It is also Sweden's largest centre for medical training and research, accounting for 30 per cent of the medical training and 40 per cent of the medical academic research that is conducted nationwide.

RDN - Resource Discovery Network

<http://www.rdn.ac.uk>

This portal uses the SUBJECTS_ALL field to search the Resource Discovery Network (RDN) which is the UK's national gateway to Internet resources for the learning, teaching and research community. The service currently links to more than 80,000 resources via a series of subject-based information gateways (or hubs). The RDN is primarily aimed at Internet users for further higher education.

SCIRUS

<http://www.scirus.com>

Scirus is the most comprehensive science-specific search engine on the Internet. Driven by the latest search engine technology, Scirus searches over 167 million science-specific Web pages, enabling you to quickly pinpoint scientific, scholarly, technical and medical data on the Web.

US Centers for Disease Control

<http://www.cdc.gov>

The Centers for Disease Control and Prevention (CDC) is recognized as the lead federal agency for protecting the health and safety of people - at home and abroad, providing credible information to enhance health

decisions, and promoting health through strong partnerships.
