## Links to Valuable Internet Resources

Ovid can provide one or more of the following Internet Resources, leveraging the full power of the Internet in your users' Current Contents Social and Behavioral Sciences links. To activate simply follow the steps outlined for the [Ovid](#) platform. Alternatively, please contact your Ovid Customer Support Representative at [support@ovid.com](mailto:support@ovid.com).

### CogPrints Portal

<http://cogprints.org>

CogPrints is an electronic archive for self-archive papers in any area of psychology, neuroscience and linguistics and many areas of computer science, philosophy, biology, medicine, anthropology, as well as other portions of the physical, social and mathematical sciences that are pertinent to the study of cognition.

### RDN - Resource Discovery Network

<http://www.rdn.ac.uk>

This portal uses the SUBJECTS\_ALL field to search the Resource Discovery Network (RDN) which is the UK's national gateway to Internet resources for the learning, teaching and research community. The service currently links to more than 80,000 resources via a series of subject-based information gateways (or hubs). The RDN is primarily aimed at Internet users for further higher education.

### SCIRUS

<http://www.scirus.com>

Scirus is the most comprehensive science-specific search engine on the Internet. Driven by the latest search engine technology, Scirus searches over 167 million science-specific Web pages, enabling you to quickly pinpoint scientific, scholarly, technical and medical data on the Web.
