

Produced by the American Economic Association, EconLit indexes and abstracts more than 550 international economic journals. EconLit source material includes journal articles, essays, research papers, books, dissertations, book reviews, and working papers. The database contains more than 350,000 records and covers subjects from accounting, consumer economics, monetary policy, labor, marketing, demographics, modeling, economic theory, planning, and more. Years of coverage are 1969-present with approximately 26,000 records added annually.

Ovid now offers enhanced value to the database through the EconLit Links Package providing links to FREE Open Access Electronic Full Text and useful links to relevant Internet Resources on the Web.
