

Activating your Free Electronic Full Text services on the SilverPlatter Internet Service

There are two easy ways to activate your Free Electronic Full Text as part of your database subscription on SilverPlatter. If you subscribe to SilverLinker you can use option 1 and 2. If you do not subscribe to SilverLinker you must use option 2.

1. Use Your Administrative Username and Password*

**Only valid for current SilverLinker subscribers.*

Use your administrative username and password to activate the resources of your choice in the administrative interface.

- Login to: <http://sladmin.silverplatter.com:4416/webadmin> with your SilverPlatter Internet service Username and Password. If you don't have this detail, please contact your Ovid Customer service representative. (Note: These instructions have to be repeated for each SilverPlatter Internet Service user when you have multiple usernames.)
- After the login select "SilverLinker"
- If you wish to activate DOAJ simply switch the radio button to the "included" column and click "Save" on the right hand top of the page.

The screenshot shows the 'SilverLinker™ Services' administrative interface. The user is logged in as 'pieterh'. The interface includes a sidebar with a 'DB Menu' containing 'SilverLinker™', 'LinkWizard™', 'Filtering', 'Help', and 'Logout'. The main content area has tabs for 'Services', 'Upload File', and 'Data Updates'. Below the tabs, there is a table of services with columns for 'Excluded', 'Included', 'Service', 'Description', and 'Dates'. The 'DOAJ Full Text' service is selected in the 'Included' column. The 'Save' button is located in the top right corner of the main content area.

Excluded	Included	Service	Description	Dates
<input type="radio"/>	<input type="radio"/>	AAAS	-	
<input type="radio"/>	<input type="radio"/>	AIP	-	
<input type="radio"/>	<input type="radio"/>	Annual Reviews	-	
<input type="radio"/>	<input type="radio"/>	APS	-	
<input type="radio"/>	<input type="radio"/>	Blackwell-Synergy	-	
<input type="radio"/>	<input type="radio"/>	Crossref - APA	-	
<input type="radio"/>	<input type="radio"/>	Crossref - Portland Press	-	
<input type="radio"/>	<input type="radio"/>	Crossref - Science Direct (tm)	-	
<input type="radio"/>	<input checked="" type="radio"/>	DOAJ Full Text	-	
<input type="radio"/>	<input type="radio"/>	EBSCO Journal Service (EJS)	-	

- You must now click on [DOAJ Full Text](#) to activate the journals for which you wish to have the article level links appear in your SilverPlatter databases.
- Repeat this procedure for PubMed Central Free Journals

2. Ask Ovid's Technical Support Team to activate your related Internet Resources

Please send an email to support@ovid.com listing the following information:

- Specify for which SilverPlatter Internet service usernames you want you Free Electronic Full Text Links to be activated. Note this does not have to be limited to SilverLinker. You can also request the activation of other (non Free) Electronic Full text services covered in SilverLinker as well other link types (Web links to Holdings, Document Ordering or links to related Internet Resources).
- Specify which link targets you want to have activated. For Link targets not yet covered in LinkWizard Ovid Technical Support will advise on a way forward.
